LEADING from the front FOR OVER 50 YEARS

Rosedale Charolais are your proven source of top quality polled Charolais genetics.

Rosedale continues to lead the way in Australia's carcass competitions with unrivalled success in recent times.

This is a true reflection that our breeding program is on the right track and that our genetics are performing in real world commercial situations.

We have a wide range of bulls to cover all Australian domestic and export markets, including stud sire duties. We welcome your inspection and stand 100% behind the bulls we put on offer. We focus on growth and meat quality and this is reflected in our carcass competition successes.

Our cattle are specifically bred for profitable cross-breeding under Australian conditions.

ROSEDALE'S PROVEN COMMERCIAL PERFORMANCE IN AUSTRALIA'S BIGGEST INDEPENDENT FEEDLOT TRIALS.

WELCOME TO OUR 37TH ANNUAL BULL SALE

The 2026 year represents the 37th on property sale at Rosedale and once again we are very happy with offering of bulls and females we are putting up for auction this year. We are proud of the depth and consistency through the entire catalogue which would not be possible without the strong breeding herd we have built up over the previous 50 plus years. Our polled genetics are contuing to evolve and we are excited about the direction we are heading. This year over 80% of the catalogued Charolais bulls are homozygous polled. We believe this representation would be a fair reflection on our entire stud herd.

In the past 12 months we have seen Rosedale Genetics perform admirably around the salyeyard and auctionsplus circuit. One thing we have noticed is that a quality animal no matter what the breed will generally always sell well. That is why we strive hard to breed bulls that not only deliver on objective measurments and high quality carcass data we do place an emphasis on eye appealing physical attributes and this does flow through to the market place. We have seen good first cross calves topping or equaling markets in all areas's of the state. If you can not only gain advantage through hybrid vigor but also sell at the top of the market you must be doing something right.

The Animals in this years catalgue have all had excatly the same treatment respectiue of their management groups. The Spring born charolais bulls did it very tough last autumn with hardly any crop at all which flowed through to winter. We had a kind spring and summer and the bulls have come on realy well. The Angus Composite bulls were in the same boat whilst the Shorthorn Composites were wintered at Dubbo under more favourable cropping conditions. The Autumn born calves did it tough over winter but like the other charolais are hitting ther straps.

Our cattle are bred to give you an easy born calf that grow quickly and we strive to bred Charolais cattle that excell in carcass quality.

All animals purchased at the sale are covered by our breeding guarantee. Supplementary information will be made available closer to the sale on the Rosedale website and Auctionsplus page which will also include videos. We welcome inspections at any time.

James, Genevieve, Michael & Jenny Millner

CARCASE TRIAL SUCCESS

NSW BEEF SPECTACULAR

Last year we entered 1 team in the NSW Beef Spectacular. Due to the horrendous Autumn we had last year our steers went in a bit light so were behind the eight ball from the start and as a result they ended up a bit light at the other end and missed some carcass specifications. We did not walk away empty handed though winning 2nd Overall for carcass yield out of the 85 teams. We have participated in this competition for 14 Years straight. RNA Paddock to PALATE

In the 2025 RNA Paddock to palate we entered 2 teams in class 38, the domestic competition. (won by Rosedale in 2024). One team were Charolais/Angus first cross and the other team were Rosedale Black Composite Bulls/Angus Cross.

Out of 20 entrants our teams finished a respectable 9th & 10th overall and the Charolais/Angus team won 3rd overall in the Carcass section of the Competition.

One of the Rosedale Black Composite steers was 1 point away from winning Reserve individual carcass champion.

SYDNEY ROYAL BEEF CHALLENGE

MM Pastoral with Rosedale Blood steers had a successful outing at the Sydney Royal Beef Challenge, run by the RAS. The competition was run at Killara feedlot.

Teams Section of the Competition

Equal 3rd In Carcass Grid, 1st and 3rd Carcass Judging

Individual Section of the Competition

2nd & 3rd Dressing %, 1st Feedlot Performance, 3rd Carcass Judging, 2nd Profit & Loss, 3rd Eating Quality

GENETIC INVESTMENT

Ascot Ultra (P) - In 2025 we purchased Ascot Ultra, the top priced bull at the Ascot sale. Ultra is in the top 1% for all growth traits, IMF and the top 5% for EMA. On top of that he's homozygous polled and a really nice looking bull and we look forward to his first progeny arriving later in the year.

Palgrove Vortex (P) (RF)- A yearling we purchased at the 2025 Palgrove Sale. Has had one joining since being here and we expect his first calves in the spring. A red factor bull sired by Palgrove Landmark with a terrific combination of growth and carcass data.

Silverstream Usman (P) - We secured Australian semen rights to Silverstream Usman after attending the Silverstream sale in NZ. Usman is a powerful son of the successful Silverstream Padra and we welcome the outcross Genetics. He's in the top 20% for all growth numbers and top 15% EMA. Twin River Charolais in New Zealand have possession of this bull. (middle picture).

SALE INFORMATION

ROSEDALE SALE BULL EBV'S

Rosedale has been a member of Breedplan for over 40 years. This has helped assist us to consistently retain and source external genetics that have enabled us to produce the types of cattle you see in our paddocks today.

Genetic gain in growth rates has always been a priority of ours, but we understand sensible calving ease and birth weights need to be maintained. With our own commercial herd of 1000 British bred cows, we are very familiar with the benefits our Charolais bulls are delivering in a crossbreeding situation.

The graphs shown are a good 'measuring stick' as to where our sale bulls sit as a group compared to the Australian Charolais breed average.

Although we understand that EBV's are not everything we believe they do help to illustrate the types of bulls we are aiming to produce. We submit large amounts of meaningful data each year to Breedplan to help ensure the information is as accurate as it can be.

VISUAL ASSESSMENT

When choosing bulls we recommend using a combination of EBVs, raw data and visual assessment. Visual assessment is essential to assess physical and structural soundness and is a reasonable indicator of health and temperament.

EBV's are a tool that will help you to make more "educated" decisions when you are choosing breeding stock. Do your homework well before the sale when you have plenty of time and set some parameters for your EBVs that fall within your market requirements, to narrow down potential purchases. Use this "suitable list" of bulls and spend time looking and assessing the physical characteristics that you require. EBV'S are subject to change so don't be afraid to back your own judgement.

CARING FOR YOUR NEW BULL

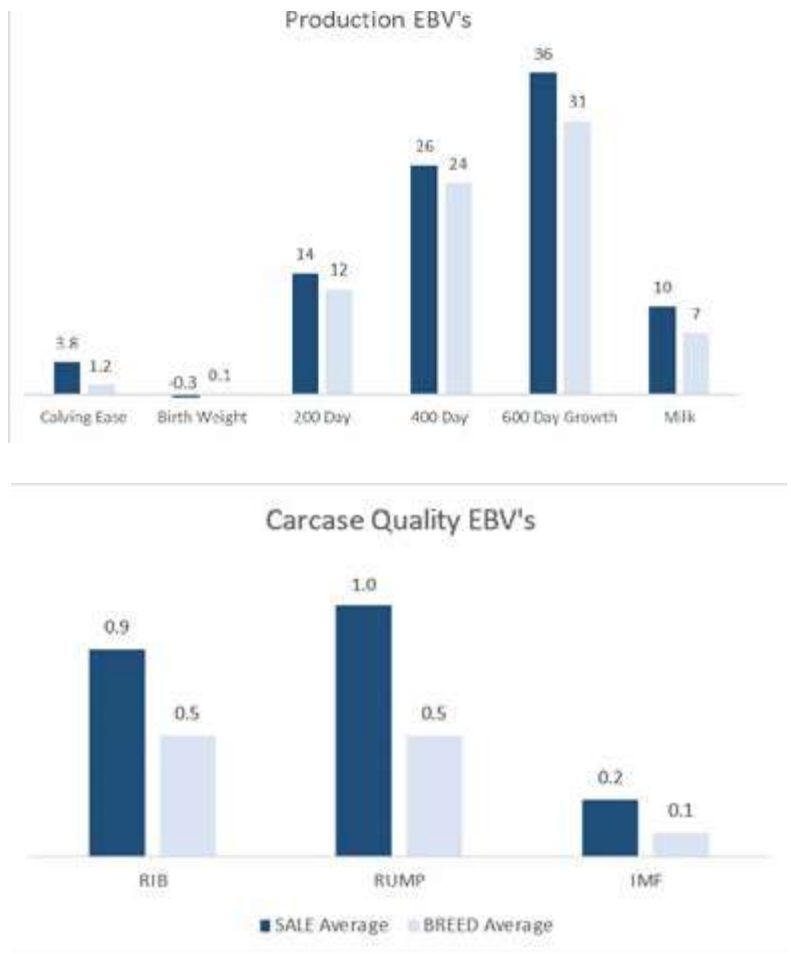

Always be considerate to your bulls and handle them with respect and kindness. Handle them quietly, walk them rather than rushing them, treat them with care and in a gentle manner and they will do likewise.

A bull leaving Rosedale is leaving the security of a large mob and will arrive in a strange environment at the purchaser's property. Unload him and make sure he has a steer or cow as a companion straight away if you can't put him out into your bull mob immediately.

A young bull can move in with older bulls and settle well, but remember, being the youngest he will get the last of any feed available because of the pecking order. The paddock needs to be reasonably large so he can keep away from the others and find adequate feed. Young bulls are still growing fast and need enough feed to maintain their growth pattern and be able to settle the cows quickly and efficiently.

Rosedale bulls are used to being handled by stockmen on motor bikes and have been mustered with dogs. Most of the fences are electrified and the bulls treat them with respect.

All bulls in this sale have been managed under identical conditions from the point of weaning, therefore comparisons can be made between animals of similar age. Weights, scrotal measurements and scans of EMA and IMF% will be available on the day of sale to further aid your visual assessment. Charolais bulls in this sale have been GENOMIC tested and sire verified as stated throughout the catalogue.

INSPECTION: cattle inspections are welcome at any time prior to the sale by arrangement with the vendor. Cattle will be yarded into pens by 9am sale day.

MORNING TEA & LUNCH: Will be available all day. Please stay for a drink following the sale.

LOCATION: 126 Rosedale Road, Browns Creek, New South Wales, 2799

1km out of Blayney on the Orange Road, turn left into Brown's Creek Road. Continue for 5kms and you will see "Rosedale Charolais Stud" on the left. Follow gravel road for 2kms.

HEALTH: All bulls catalogued have been semen tested and examined for structural soundness by Dr. John Sullivan. All of our cattle receive 7in1 vaccinations at 4 months of age, then 6 weeks later and an annual booster. They were drenched at weaning and periodically according to worm counts. Cattle were last drenched with Cydectin Platinum together with a 7in1 in April. The sale bulls have been vaccinated for Pestivirus (BVDV) as well as tested negative.

RAW DATA: All bulls will be scanned prior to the sale for eye muscle area (EMA), rump and rib fat, marbling (IMF%) as well as sale weight and scrotal measurements. Supplementary sheet available on the day and on the Rosedale website, along with photos of all the lots.

ROSEDALE'S 12 MONTH GUARANTEE: All stock have been evaluated for structural soundness and fertility. To the best of our knowledge the bulls are in sound working order at the time of the sale. Any claim against the breeding ability or a structural breakdown of any animal must be made in writing and accompanied by a Veterinary Certificate within 12 months of the sale date. Any animal failing to breed may be either replaced with an animal of similar value or credit made available to the value of the purchase price, minus salvage value, for use at a future Rosedale sale. The purchaser will be responsible for any costs incurred.

DELIVERY: A delivery instruction slip must be completed and signed. Stock awaiting delivery will be held free of charge - all care will be taken, but absolutely no responsibility will be accepted for any injury or loss occasioned during, as a consequence of, or in relation to any holding.

This year we will deliver all stock purchased at the sale to any major centre in Australia (Eastern States and SA only, Tasmania to port) for a flat rate of \$200, per head, please talk to Elders about this when completing the delivery slip. A Complementary transport service is provided by Rosedale for those within 100km of Blayney.

INSURANCE: Ownership passes at the fall of the hammer. An insurance representative will be in attendance on sale day.

TELEPHONE LINK-UP: Mobile telephones will be available. Please arrange with the vendor or agent to ensure a line.

AUCTIONS PLUS: Our sale is conducted live on line in real time and will be interfaced on Auctions Plus with the physical auction that is being conducted. A computer is used to bring the on-site bid price to the internet screen for remote bidders to observe. Bidders can bid on computers at their location and the bid is immediately transferred to the auction barn and relayed to the auctioneer. Bidding is only available if registered with Auctions Plus. You must register on-line to their website www.auctionsplus.com.au - at least 24 hours prior to the sale. For first time users of Auctions Plus we recommend you register as soon as possible and become familiar with the site. The staff in Sydney are very helpful and happy to guide you through it.

For more information contact:- Auctions Plus - (02) 9262 4222

AGENTS REBATE: A 1% rebate will be offered to outside agents on the condition that a written introduction is received 48 hours prior to the sale and settles on their clients behalf within 7 days. (This clause will be strictly adhered to.) Only agents attending the sale in person will qualify for a 3% rebate also on the condition settlement occurs within 7 days on their clients behalf.

TERMS AND CONDITIONS: Terms of the sale are as per Conditions of Sale NSW Stud Stock.

PLEASE NOTE: It is unethical for anyone to promote, advertise or arrange the sale of any cattle, other than those in this sale on this sale premises.

PRE SALE INSPECTIONS : Private inspections are welcomed and encouraged at any time prior to the sale by appointment with Rosedale. Online Bidding and over the phone bidding is available on sale day for anyone unable to attend.

SALE DAY SAFETY: All sale bulls have been screened for temperament and are quiet to handle under normal circumstances. However, there are risks associated with cattle handling.

Visitors enter the cattle pens at their own risk. Children must not enter pens.

DISCLAIMER: People entering upon this property for any purpose whatsoever including attendance at cattle auctions do so at their own risk. We are not liable to you for any personal injury or death suffered by you and for theft loss or damage to any property caused or contributed to by us or by any other person whether caused or contributed to by or by negligence deliberate act or unlawful conduct. "We" or "us" or "our" refer to the owners their employees contractors and agents and each of them. While every care has been taken in compiling this catalogue to ensure accuracy of information supplied no responsibility is accepted for any errors which may have occurred.

Sire appeal, red factor and homozygous polled - Maverick is one of the best bulls we have produced. The bulls in this sale are yet again fantastic. Maverick's strike rate for producing quality is as good as we have seen. Earlier maturity pattern, excellent IMF and fantastic skin and structure. Both Maverick and his mother are still going strong today.

An exceptional Oatley son with breed leading growth EBV's and a terrific phenotype. Purchased by Rosedale for an Australian yearling record of \$90,000 in 2022. Spectacular is doing everything we hoped for with some outstanding progeny in this catalogue. He is an extremely docile bull with excellent skin and his dam is in the Palgrove donor pen.

This sale represents some very even bulls by Ascot Reputable, a son of Rosedale Lump Sum (Pictured above at 12 months). We find his progeny to be consistent with what we aim to achieve and that is Polled Charolais with plenty of punch and strong carcass traits. There are some great sons in this draft, moderate birth, superb temperaments and extra soft.

A bull worth doing the homework on to lead off our 2026 sale. One of the youngest in the group with some of the biggest prospects. The 1st Rough Justice son to be sold in Australia. Strong data and an excellent type. Dam is still active in the herd at 10 years of age.

Top 1% IMF, MILK, Top 5% BWT, Rib and Rump Fat, Top 10% CE, GL and SS.

A lower birth weight bull with loads of substance and phenomenal carcass data. His dam line is exceptional. M59 is still active in the herd today and has always produced consistently, including many top end bulls. We feel Valour could make a strong case for stud duties.

Top 5% Rib, Rump 7 IMF, Top 10% CE, BWT.

Virtue is a very appealing young sire. Similar to Lot 5 he is a red factor Sniper son who excels in carcass quality being in the top 5% of the breed for fat cover and IMF. He is naturally very thick with a fantastic topline and very appealing to the eye. The consistency and quality of the Sniper sons is something we are very proud of.
